

Muhammad Muazzam-Ul-Hussein ABDUL

Application Development Senior Analyst

Passionate about continuous learning, I eagerly embrace opportunities to enhance my skills, especially in Data Science, Cloud Computing, Artificial Intelligence, and Machine Learning. With an MSc in Computer Science Engineering, I aspire to gain practical experience in these domains. Currently a Squad Lead, I manage legacy web applications and bring five years of expertise in Angular 8, C#, .NET, Azure, VB .NET, PL/SQL, and Project Management. Proficient in agile methodologies and adept at object-oriented design, development, testing, and software maintenance.
